

EMPLOYMENT OPPORTUNITY

PLANT OPERATOR – INFRASTRUCTURE (ROADS)

About the position

Undertake the safe and efficient operation of plant on road construction, maintenance projects and miscellaneous works within the Shire in accordance with Council's Operational Plan and Budget.

Key responsibilities:

- Perform Road maintenance, road construction, structures, concrete, and miscellaneous operations.
- Ensure plant operation is consistent with manufacturer's specifications and ensure the work is undertaken in the most effective manner.
- Undertake maintenance in accordance with the daily plant check sheets.
- Ensure that all plant and equipment including council vehicles under the control of the operator are maintained appropriately, and that any defects are recorded and promptly notified to the workshop.
- Ensure correct and adequate roadworks signage is installed and maintained.
- Ensure all work records are accurately recorded including gravel quantities, chainages worked and work category.
- Contribute to camps being maintained in a safe, clean and proper manner.
- Participate as a member of Council's multi-skilled workforce and undertake other duties including labouring as required by operational activities.

About You

- Current Queensland 'MC' Class Driver's Licence
- Certificates of Competency for a Backhoe, Roller and Loader
- Current General Construction Induction Card
- Ability to operate plant and equipment in a safe and efficient manner
- Up to date knowledge of construction and maintenance techniques and approaches
